

Auction Vendor Criteria

To participate as an auction vendor, the vendor must be an active member of the Lismore Poultry Club. An active member is a financial member of the club who has attended at least two events in the last two years prior to the auction date.

The purpose of this is to reward club members who are involved with running and promoting the club. And it also helps to ensure that the birds offered for sale are pure bred, healthy and suitable to breed show quality fowl.

There are also occasions when the committee will invite an inactive member to be a vendor because of their past involvement with the club or their past contributions to the poultry fancy.
